## Customer Reviews

I hope to prevent anybody else from falling into the same trap as I did and buying this thing. No table of contents, and figure letters referred to in the text are not depicted in the books actual pictures, so you have no idea which part of picture the text is referring to., Also very shallow content. Might be useful to that person living under a rock who has never seen a small gas engine. not worth MY 5.95! are refunds available at all?

glad I ordered it would recommend it to anyone! am just learning so this will be a lot of help
