# Fun Buttons: With Price Guide

## Synopsis

Fun Buttons is different! Humor in button subjects and design is featured in the nearly 400 color photographs, text and captions. From all over the world, over three centuries, this gathering of buttons is both delightful and informative. Organized by materials and themes, these funny buttons include children's subjects, animals, fairie, fruit, vehicles and sports designs which can't help but amuse and fascinate collectors, dealers and those who sew. The list of button clubs and organizations is a wonderful reference in itself. The book...illuminates the myriad of subjects that the designers have used over the years to tickle the public's fancy. Seeing them pictured here has tickled mine! I dare you to read this book and not crack a smile or chuckle to yourself. I couldn't do it. (from the foreword by Tom Wolfe)
