## Customer Reviews

A simple guide to lowering blood sugar. Extremely informative and detailed, explaining symptoms and ways of prevention of Diabetes. Explains the all the other health issues diabetes can cause and how to avoid them all in all with simple steps. This is a must for everyone not only for those who are

diabetic or border line diabetic. With today's eating habits and lifestyle our health has much to fight with. This book can help all of us be healthier and out of danger of getting Diabetes.

If you are looking for a quick book to tell you that you can eat anything you want and reduce your blood sugar by injecting more insulin, and taking more drugs, then this book is NOT for you. If you want a REAL solution to reduce your blood sugar readings, and you are willing to change your diet to take control of your life and improve your health, this book is your solution. I highly recommend this book and its straightforward approach!

I really like this book because it helped me with my grandmas' problem in her diet. She has diabetes and there are a lot of foods that is not good for her. I let her read this book and now she's starting to cooperate with me in terms of her everyday meal. Great choice, good advices and very informational book for all of us!

I never thought that this e-book can be very helpful for me. Diabetes runs in the family and I'm afraid, I can be one of the victims of these diseases. I'm really glad that this book can totally help.

Really informative book on how to lower blood sugar. The author does a great job explaining to the readers the consequences of diabetes and high blood sugar. Also, I really liked the chapter where the author explains step by step how to lower the blood glucose. She provides really valuable information.
