Oh Goodness, Tammy has truly outdone herself with this one! And this busy working Mom, who feeds three hungry men daily, is extremely grateful! Our family has been Paleo for well over two years now, and this book has already given us several new favorites that my kids request on weekly meal planning day. Really! My kids are NOT the eager ones in the kitchen, wanting to help. But finally... FINALLY... because they love the taste of this food so much, they voluntarily ask me to stir and add ingredients now. It brings me to tears... For real. It's priceless. I own several Paleo cookbooks: Some recipes knock it out of the park, some are way too simple and "easy." And quite honestly, many of the ones that look luxuriously amazing in photos often end up tasting just... well... "meh." They are either too time-consuming, have too many crazy ingredients, turn out the wrong consistency, or just fall flat by being bland and have to be re-vamped beyond just simple little tweaks. I love every chapter of this book: Make & Freeze, Low & Slow, On the Go, Room Service, Travel Treats, and Week In a Day. The indexes in the back: How to Store Anything, Stocking your Paleo Kitchen, Grocery Lists, and blank Freezer Inventory sheets are awesome resources also. I find that when my pantry and freezer are stocked how you suggest, I can wake up on any given weekend morning or zoom home on any busy weekday evening and still whip up something healthy and delicious for my family. So far, my boys wanted me to give you a "shout out" for the following recipes: 1) Sloppy Joe's! (pg. 84 - a huge pot is simmering now, while we are cozy in front of rainy day football) Your combination of flavors in this recipe is absolutely spot on!
