Customer Reviews

I suppose using ingredients like grits and turnips could pass for something like Southern cooking but there is no "real" in the whole book. Turkey bacon isn't hardly recognized as an ingredient here and bbq is pork not beef unless you are in Texas. There are so many other good cookbooks on Southern cooking. Don't settle for this one.

Well first off, he didn't add all of the states. Second, I question his knowledge, of the cuisine. Southerners do not add sugar, honey, or any sweeteners, what so ever, to cornbread. That's a northerners thing. The recipients, are not, anything I have ever heard of. Nor do they sound appetizing, to me. Though each region of the south does have their own special foods, but certain things are common to all us. Oh well, you might like some of them.

This cookbook is filled with delicious recipes of the warmest and comforting food imaginable. Everything from macaroni and cheese to Hush Puppies, and even fried chicken, and although none of the recipes in this book are of the low-calorie variety, if they are followed correctly, you won't worry about calories because you will be too busy eating :-)

this is the type of cooking that can stop a family feud dead in its tracks. The recipes are very well thought out, explained in detail to make the instructions even easier to follow along with high-quality pictures of what the finished product is supposed to look like, for an off brand cookbook. A lot of thought and quality in this product I can't wait to try all these recipes and see if they really are as good as mom used to make.

In his cookbook titled "Global Gastronomic Adventures Presents A Real Taste of Southern Cooking (Southern & soulfood cooking Recipe Cookbook)", Chef Gio Angelo selflessly shares his Southern and soul food recipes with his readers. He gives each recipe a title that evokes pleasant memories of the Southern United States. Chef Angelo recommends that ingredients of the highest quality be used for the recipes. He also recommends using several modes of cooking. Following Chef Angelo's instructions, any reader of "Global Gastronomic Adventures Presents A Real Taste of Southern Cooking (Southern & soulfood cooking Recipe Cookbook)" will be able to prepare a wide and pleasing variety of Southern and soul food dishes.

I'm a Northern girl living in the south. While I was born and raised in New York, I've made the south my home so I should know how to cook some of the best dishes from there right? Yeah ok, I'm still a New Yorker in the kitchen. Anyone have the number to the local Chinese takeout? I figured I'd give it a shot though. I started out easy with the Turkey Bacon and Corn Chowder. The recipe was easy to follow and my 12 year old loved helping me in the kitchen with it. I was a bit skeptical about the turkey bacon but I think pork bacon would have left the dish a bit greasy. This was perfect! I loved the flavor and texture. It went great with some cheddar biscuits. I can't wait to try more recipes!

Only 10 recipes. None of them appeal to me. Not sure turkey bacon is a traditional southern ingredient. Just use bacon instead it will taste better and be better for you, I'm not sure what nasties are put in turkey bacon, or what heavy processing it goes through, if I liked it I might investigate it, but ick, like eating salty shoe leather.

Are you interested in trying out new and innovative recipes? Southern cooking might be a good place to start since they have some amazingly tasty recipes. You need a cookbook that will take you through the cooking step by step as you are not aware of this style of cooking. Global Gastronomic Adventures Presents a Real Taste of Southern Cooking is the perfect choice. Southern cooking will become very easy with the use of this book and you can amaze your families with a new and different dish everyday which tastes like something they have never had before.
