

# Microsoft Word 2010 Introduction Quick Reference Guide (Cheat Sheet Of Instructions, Tips & Shortcuts - Laminated Card)

## Word 2010 Introduction

**Creating a New Document**

A blank, new document displays when Word is launched. To start a new document:

1. Choose FILE, then NEW.
2. **CLICK** **BLANK DOCUMENT**
  - Or to use a template:
    - From **FILE**, choose **NEW** (or press **Ctrl+N**).
    - From **FILE**, choose **NEW** (or press **Ctrl+N**), then **TEMPLATES**.
    - Select one of the **RECENT TEMPLATES** or **SAMPLE TEMPLATES**.
    - For custom templates, click **NEW TEMPLATES**.
3. **CLICK** **CREATE OR OPEN**.

To quickly create a Word document, press **Ctrl+N**.

**Opening an Existing Document**

1. Choose FILE, then OPEN, or press **Ctrl+O**.
2. Select the document, and **CLICK** **OPEN**.
3. To change the location, **CLICK** the folder name (displayed at the top of the dialog box), **CLICK** on the left, or **DOUBLE-CLICK** (shown in the outline).

**Recently opened documents/places:**

- To open recently used documents or places, click **File** and **Recent**, choose **FILE**, then **RECENT**.
- To keep a document open in the **RECENT** list, **CLICK** **KEEP**.
- To remove a document or place, **CLICK** **REMOVE**.

**Working with Previous File Versions**

Files created in Word 2010 or earlier can be opened in Word 2010. To work with previous versions of a document:

- To see a list of files for a document, choose **FILE**, then **RECENT**, then **VERSIONS**.
- To open a file, click the file name.
- To compare a file to the current file, choose **FILE**, then **RECENT**, then **VERSIONS**.
- To open a file, click the file name.

**Saving the Document**

1. Choose FILE, **SAVE** or **Ctrl+S**, or press **Ctrl+S**.
2. If saving the document for the first time:
  - a. Type the FILE NAME.
  - b. Choose a location by **CLICKING** the folder name (displayed at the top of the dialog box), **CLICKING** the left, or **DOUBLE-CLICKING** (shown in the outline).
3. To save a copy of a document with a different name and location, choose FILE, **SAVE AS**. If the document exists with the same name, choose **REPLACE EXISTING FILE**. Change the name, or **MOVE** (shown in the outline) FILE.

**Setting up Page Layout**

1. Choose PAGE LAYOUT.
2. Select **MARGINS**, **ORIENTATION**, **LANGUAGES**, and **COLLATION** in the **PAGE SETUP** group. Changes are applied to the entire document (or selected area for columns).

To make changes to just one part of the document:

1. Select the area to be changed.
2. **CLICK** **IN** the **PAGE SETUP** group.
3. Make the changes in the **MARGINS**, **ORIENTATION**, **LANGUAGES**, or **COLLATION** group.
4. Change the **APPLY TO** option to **SELECTED TEXT**, **CLICK** **OK**.

**Inserting/Deleting Text**

To insert text:

**CLICK** where the text is to be inserted, then type.

To delete characters:

1. Place the insertion point in front of, or after, the text to be deleted.
2. Press **Ctrl+Backspace** to delete characters to the left, or **Ctrl+Delete** to delete characters to the right.

To delete a large amount of text:

1. **DRAG** across the text to select, or use one of the keyboard listed under **Text Selection Shortcuts**.
2. Press **Ctrl+Space** or **Ctrl+Delete**.

To replace text: Select the text, then type the new text.

**Spacing between Paragraphs**

By default, 36 points of space is applied after every paragraph. To start a new line without starting a new paragraph (such as in lists), press **Ctrl+Enter**.

To turn off the default paragraph spacing:

1. Select the text.
2. Choose HOME, then **Paragraph** in the **STYLES** group.

**Undoing/Redoing Actions**

**CLICK** **UNDO** (or press **Ctrl+Z**) to undo one step. To undo several steps at once, **CLICK** the drop-down arrow of the **UNDO** button and select steps. To redo an action, **CLICK** **REDO** (or press **Ctrl+Y**). This repeats the last Undo command.

**Repeating an Action**

To repeat the last action, **CLICK** **REPEAT** (or press **Ctrl+F5**).

**Moving or Copying Text: Cut, Copy, Paste**

1. Select the text to move or copy.
2. To move, choose HOME, then **Cut**, or press **Ctrl+X**.
3. To copy, choose HOME, then **Copy**, or press **Ctrl+C**.
4. **CLICK** to place the cursor at the new location.
5. **CLICK** **Paste** (or press **Ctrl+V**) (or to paste text as Keep Source Formatting, **CLICK** **Paste and Choose one of the PASTE OPTIONS**, or after pasting, **CLICK** **Keep Source Formatting**).

**Drag and Drop**

1. Select the text to move or copy.
2. Place it at the selected area (the mouse pointer changes into an arrow) and **DRAG** the text to the new location. To copy, press **Ctrl** while **DRAGGING**.

**Changing Text Font and Size**

1. Select the text to change.
2. Choose HOME, then select from the Font list, such as **Font Size**.
3. Choose from the font size list, **CLICK** or click the number in the box and press **Enter**.

**Enhancing Text: Bold, Italic, etc.**

1. Select the text to change.
2. **CLICK** one or more of the **B**, **I**, **U**, **S**, **A**, **AB**, or **ABC** buttons, for more under the options, **CLICK** the arrow of the **Font** button. For more font options, **CLICK** **Font** in the **HOME** group. To remove enhancements, select the text, and **CLICK** the same buttons.

**Copying Formatting**

1. Select the text that has formatting you wish to copy. To copy formatting, including text, you select the entire paragraph.
2. Choose HOME, then **Clipboard** (or press **Ctrl+D**) if applying the formatting to a new paragraph, or **Clipboard** (or press **Ctrl+D**) if applying the format to the selected text.
3. Select the text to be formatted. If applying multiple times, press **Ctrl+D** or **CLICK** the **Format Painter** button again (shown in the outline).

**Changing Paragraph Alignment**

1. Select the paragraph to change.
2. Choose HOME, then select from the **Paragraph** group.

**Formatting Text with the Mini Toolbar**

Use the Mini Toolbar for quick access to common formatting options.

1. Select the text to change with your mouse.
2. **RIGHT-CLICK** or move the mouse up and to the right.

**Using the Highlighter**

Just like a highlighter, you can highlight by choosing **Highlighter**.

1. Select the text.
2. Choose HOME, then **Highlighter** (shown in the outline).

To remove highlighting from text:

1. Select the text, **CLICK** the drop-down arrow of the **Highlighter** button and select **NO COLOR**.

**Text Selection Shortcuts**

A word	<b>DOUBLE-CLICK</b> (shown in the outline)
A sentence	<b>Ctrl+Shift+Spacebar</b> (shown in the outline)
A line	<b>Ctrl+Shift+Enter</b> (shown in the outline)
A paragraph	<b>DOUBLE-CLICK</b> in the left margin (shown in the outline) or <b>Ctrl+Shift+Enter</b> (shown in the outline)
All text	<b>Ctrl+A</b> (shown in the outline) or <b>Ctrl+Shift+Enter</b> (shown in the outline)

**Multiple Selections**

Press **Ctrl** and select selections.

**Movement Shortcuts**

The **Ctrl** key with any of these movement options selects from the current position to that location. For example, **Ctrl+Home** selects to the beginning of the document.

Beginning of document	<b>Ctrl+Home</b>
End of document	<b>Ctrl+End</b>
Beginning of the next line	<b>Ctrl+Enter</b>
End of the next line	<b>Ctrl+Shift+Enter</b>
Beginning of next page	<b>Ctrl+Page Up</b>
End of next page	<b>Ctrl+Page Down</b>
Previous window	<b>Alt+Tab</b>

**Editing**

Deleted text to the left	<b>Ctrl+Backspace</b>
Deleted text to the right	<b>Ctrl+Delete</b>

This guide is one of several titles available for Word 2010: Word 2010 Introduction, Word 2010 Formatting, Word 2010 Advanced, Word 2010 Mail, Merge & Forms, Word 2010 Templates & Macros, Word 2010 Collaboration Features.

## Book Information

Pamphlet: 2 pages

Publisher: Beezix Inc. (June 15, 2010)

Language: English

ISBN-10: 1936220156

ISBN-13: 978-1936220151

Product Dimensions: 11 x 8.5 x 0.1 inches

Shipping Weight: 1.6 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (308 customer reviews)

Best Sellers Rank: #41,490 in Books (See Top 100 in Books) #6 in [Books > Computers & Technology > Software > Microsoft > Microsoft Word](#) #9 in [Books > Computers & Technology > Software > Word Processing](#) #28 in [Books > Computers & Technology > Software > Microsoft > Microsoft Office](#)

## Customer Reviews

This card is two sided, laminated and is titled Word 2010 Introduction. And that it is...if you've used Word 2010 or 2007 for over twenty minutes, you no longer need this card. I decided to look up something simple on it--how to change from single space to double space. It's not on there. So, I

thought, let me see a subject that actually might help me: how do you use Master Documents, and headers and styles. No way, Jose. Not even a hint. So, take the cost of this product and put it towards a simple book on MS Word and you'll be ahead, from what I can see. Maybe I'll give this card to some first grader that is using Word for the very first time in his little life.

This item came in handy to have available on my desk for quick reference. I recently purchased a new computer and it contained Windows 7 and a lot of the routine processes were somewhat different. Even if you have basic knowledge of Microsoft Office, this is a handy reference laminated sheet to have available.

Not worth the price unless you are a complete newbie. Laminated sheet and does cover some hot key shortcuts but not anywhere near all of them.

Great for beginners who have had no training and also helpful because my firm is changing from 2003, so it has been great.

I purchased this "cheat sheet" as a middle-aged adult returning to college after having graduated from college almost 20 yrs ago. Very useful guide/summary of the key functions of Word 2010 in a well-organized fashion and encased neatly in a sturdy laminated protector at an unbelievably low price. Saves me a great deal of time and frustration. I use this reference sheet often and would highly recommend this to consumers with any level of computer literacy. So now go on and cheat. With a clear conscience.

While this sheet is more basic than I had hoped, it did contain some helpful hints for me and the sheet is well made--should last the life of the software. Topics are easy to find on the sheet and the hints are easy to follow.

This has been very helpful when working with Microsoft's Word 2010. Office 2010 is so different than the earlier versions and this little cheat sheet has been incredibly helpful with things that used to be so obvious. Nice information and the lamination means it will last for quite some time to come. It beats dragging out the book and looking up the process you are trying to accomplish only to be run around in circles until you finally find the answer. Highly recommend to anyone having trouble with Microsoft's Word 2010.

We had to upgrade from 2002 because of the death of the XP that we ran MS programs on. We thought we would need a guide to take us through the changes over the past 10 years. Well, there haven't been any significant changes to Excel or Word, and anyone who has ever used these programs in the past won't need this Reference Guide. In fact, this reminds me of guides that we used to get in the 90s when we didn't know "justification" from "font size." I wouldn't be surprised if my 7 year old grandkid doesn't know most of the stuff on this card.No great loss, but I would recommend that you go out and buy a double scoop ice cream cone instead. The memory will linger longer than any knowledge you gain from this guide.EW
