# Realistically Raw: A Raw Food Cookbook- Living Raw In A Modern World

## Synopsis

Ready to leave disease, extra weight and an unhealthy lifestyle behind you? These simple and delicious recipes make it all the easier! When we live on highly refined foods that are full of toxins, we are not providing the body any of the vital nutrients it needs for optimal health! As a result we end up getting sick because we start to lose our ability to neutralize the toxins and repair the damage from what we just ate. The healing power of eating raw is grossly underestimated. Studies have shown that raw foods have healing powers that can alleviate many conditions such as low energy, allergies, digestive disorders, a weak immune system, high cholesterol, Candida, weight problems, and many others. Join me in becoming a healthier you!

## Customer Reviews

This book might seem like it's an introductory cookbook into eating raw foods, which it can be, but it will also appeal to the die-hard, long-term raw foodie because the recipes are not just easy to prepare, but they're delicious!
