Customer Reviews

Obviously late to get on the no/low carb bandwagon, I found this particularly useful in helping me to reverse my diabetes. Thanks, Scott Turner.

Recipes are so easy. And don't call for expensive ingredients. Makes you think you could actually do this diet with little effort!

This book has some simple low carb recipes in it. I would add a few more ingredients to some of

them though.

Didn't realize it was only a recipe book not a guide with recipes. Pretty sure could have save about half the pages by not printing the recipe & instructions for every possible omelette.

This recipes in this book are so basic, they can't really be called recipes in my opinion. I was looking for actual recipes, not pieces of meat or fish with salt and pepper as the only ingredients. Very disappointed...

Very good recipe book. Lots of good and common recipes. I would recommend this book to anyone who likes to cook and try healthy recipes

I love anything to do with the Atkins Diet. Great info, great recipes. So much info, especially for first time low carb people.

Can't wait to cook some of these dishes. Recipes seem very easy to fix. And the recipes even included seafood! My favourite!!
