Customer Reviews

The information in the book is extremely general and can be found anywhere on the internet. This book was a Kindle unlimited book so I was able to peruse it at no cost. Do not spend money on this book. It is one of the worst informational/educational books I have ever read.The optimist in me thinks if Mr. Francis is sincere in his desire to write about firearms then I hope he uses this critique and chooses to work on his writing skills. The pessimist in me thinks this may be an attempt at an easy money grab from unknowing buyers who are unable to see the content prior to purchasing.

Nothing really new or informative.
