The book will not only explain to you what ketogenic diet is but will also help you lose those unwanted pounds through the given proven steps and suggestions that you could follow to remove those unwanted fats. The ketogenic diet is not only known to be one of the most effective weight loss tools, but has proven to have many health benefits. This is a nice step by step diet that will make you feel awesome in a short time, it have some amazing recipes and they are very well explained. This book has helped me be aware of my body and inspired me to take care of it better. The recipes and recommendations here can really help someone shed those extra pounds. That's why I am excited to follow it!

If you like healthy eating that will really surprise your family this would be right book for you. Slow cooker means that meals are prepared just by putting ingredients into it, and all you have to do is just wait. Not that is time efficient but also meals are nutritious and tasty. The main thing is that we live in very fast pacing times, and it is hard to find time to cook. Book starts with introduction of Keto diet, benefits of slow cooker.. Recipes include Mexican breakfast, cheesy ham scramble, chilli chicken, easy morning pie, cesar sandwiches...Nice and healthy recipes, 60 of them.

Sometimes when you are trying to accomplish a certain diet having a cookbook is probably going to come in handy because, as a beginner, you don't have much in your arsenal of knowledge. So this book was a great refreshment of ideas I can implement in my diet so it's more sustainable. Great Delicious recipes, I only went through like 10 but so far, it tastes great!

This book is totally awesome, i love eating food a lot. My greatest fear is getting fat and having diabetes along the line. Now i no longer need to worry about all this things. This book has been able to point out sets that can help me in staying healthy and young. It contains series of food that i can take that can prevent me from getting fat. I got to learn why it is called ketogenic diet and the benefits as well. I am glad i came across this book. It worth reading and meant my expectation.

Ketogenic diet has gained popularity especially to the people interested in losing their body weight. However for you to benefit from the diet, you have to accompany other routines like Exercising. The book caters for various users including general public, athletes and bodybuilders who perform a lot of exercise . The book also leaves you with a number of recipes that are mouthwatering, these are to guide you on the proper ketogenic diet approach.

I got a new diet plan through this book. This diet book is absolutely a good one and effective too. I used many Ketogenic diet plans and this one is new in my collection. This ketogenic diet book contains over 60 recipes along with how to use the ketogenic diet way of life. I like that the dishes are not only healthy but also tasty. You will find great recipes for both breakfast, lunch and dinner in this book.

I believe this was designed to empower us by providing easy low carb slow cooker recipes that don't skimp out on flavor and deprive us on great taste. By substituting simple carbs with healthy fats, the Ketogenic Diet forces your body becomes a fat burning machine. As a result you will automatically lose weight, increase your mental focus and decrease your appetite to be come more healthier and sexier.

The recipes are fairly simple and I appreciated the day to day meal plan. The recipes had the breakdown of the numbers per serving. It is extremely important to know your intake of fats vs protein and carbs, not net carbs actual carbs. Some Breakdowns were provided in the meal plan but mostly only net carbs. I would definitely use this as a guide for a truly Ketogenic lifestyle.
